

# WE WANT TO HEAR FROM YOU

## The Quality & Patient Safety Competency Navigator

*What you need to know and be able to do to improve quality and patient safety in healthcare*

### Join us

To shape the future of healthcare by providing your valuable insights and feedback on the draft of the Quality & Patient Safety Competency Navigator

### CONTACT US

[Dimuthu.rathnayake@ucd.ie](mailto:Dimuthu.rathnayake@ucd.ie)

### Who can take part?

- We would like to hear from all staff (frontline and support), team leaders, senior managers, board members, healthcare students, academics and educators, and patient partners

### What you will be asked to do?

- Participate in a brief discussion to hear your feedback on a draft Quality & Patient Safety Competency Navigator

### How it will work?

- You will have the option to choose either a face-to-face or online interview as an individual or part of a focus group at a time convenient for you

### When will this happen?

- Interviews and focus groups will be arranged during June and July 2024

This research project is a collaboration between the Quality and Patient Safety Directorate (QPSD) of the national health service, Health Service Executive (HSE) Ireland, and the Centre for Interdisciplinary Research, Education, and Innovation in Health Systems at University College Dublin (UCD IRIS). Your contributions will shape the final amendments of the QPS framework, set to launch in January 2025.
